Subject: Abandoned mines request from Associated Press
removed.txt

Greetings-

As part of our ongoing coverage of Gold King Mine incident, we are looking to gather data on other abandoned mines across the U.S.

I was told by Bureau of Land Management that the EPA maintains a database of mines on non-public lands.

Can you provide me with an electronic copy of this dataset, preferably in an Excel or comparable file, along with a data dictionary that explains each field and records contained in it?

If not, can you tell me who at the EPA can fulfill this request?

Thanks for your time.
